

Experiencing Visions

Philosophy

Vision

Loewe Messebau GmbH has been providing stand construction solutions for more than thirty years. Customers from all over the world have benefitted from our longtime know-how. We supply custom-tailored solutions for your requirements and guarantee a splendid appearance for exhibitors and their products, which visitors will never forget. Have us make your visions come true!

Experience

Communication between companies should not only be professional but also constitute a positive experience for the business partner. We realize your ideas and provide products ranging from a compact standardized exhibition booth to individually designed variants for small- and middle-sized companies as well as for large corporations. This holds true for fair trades and also includes art exhibitions and festivities. Experience our all around service including: consulting, design, supervision, implementation, delivery, assembly and disassembly - everything for your individual needs from one company.

Stand construction: customized, flexible, unique firm experience

Our Services

All Around Service

We deliver your vision. With our complete service package we are your professional partner from consulting service over the draft to the manufacturing, assembly and disassembly of your stand.

Consulting Service

Your first contact person will be the head of one of our offices because supervision is given top priority.

Cabinetmaking

No limits for individuality - our own cabinetmaker's workshop makes your marketing concept become reality.

CAD

Design is realized with the latest technology - your corporate design is the basis for our creativity.

Vehicle Fleet

Our own fleet allows independence - we guarantee individual and on-time delivery at any time to any place.

Graphic Design/ Typography/ Color Composition

Your company-colors, your individual fonts, your company emblem and all other parts of your corporate design are realized in every detail of your exhibition stand.

Depot

Our trade fair systems are stored there and your stand will also be kept safely in the depot. We will maintain your stand to deliver it on time.

Design Model Making

Your individual ideas will be produced in true-to-scale models.

30 Years Experience...

Meeting place for chatting

LOEWE Messebau connects people

The interior of a Bosch washing-machine as an exhibition stand

...in Stand Construction

Simple, ingenious and economic

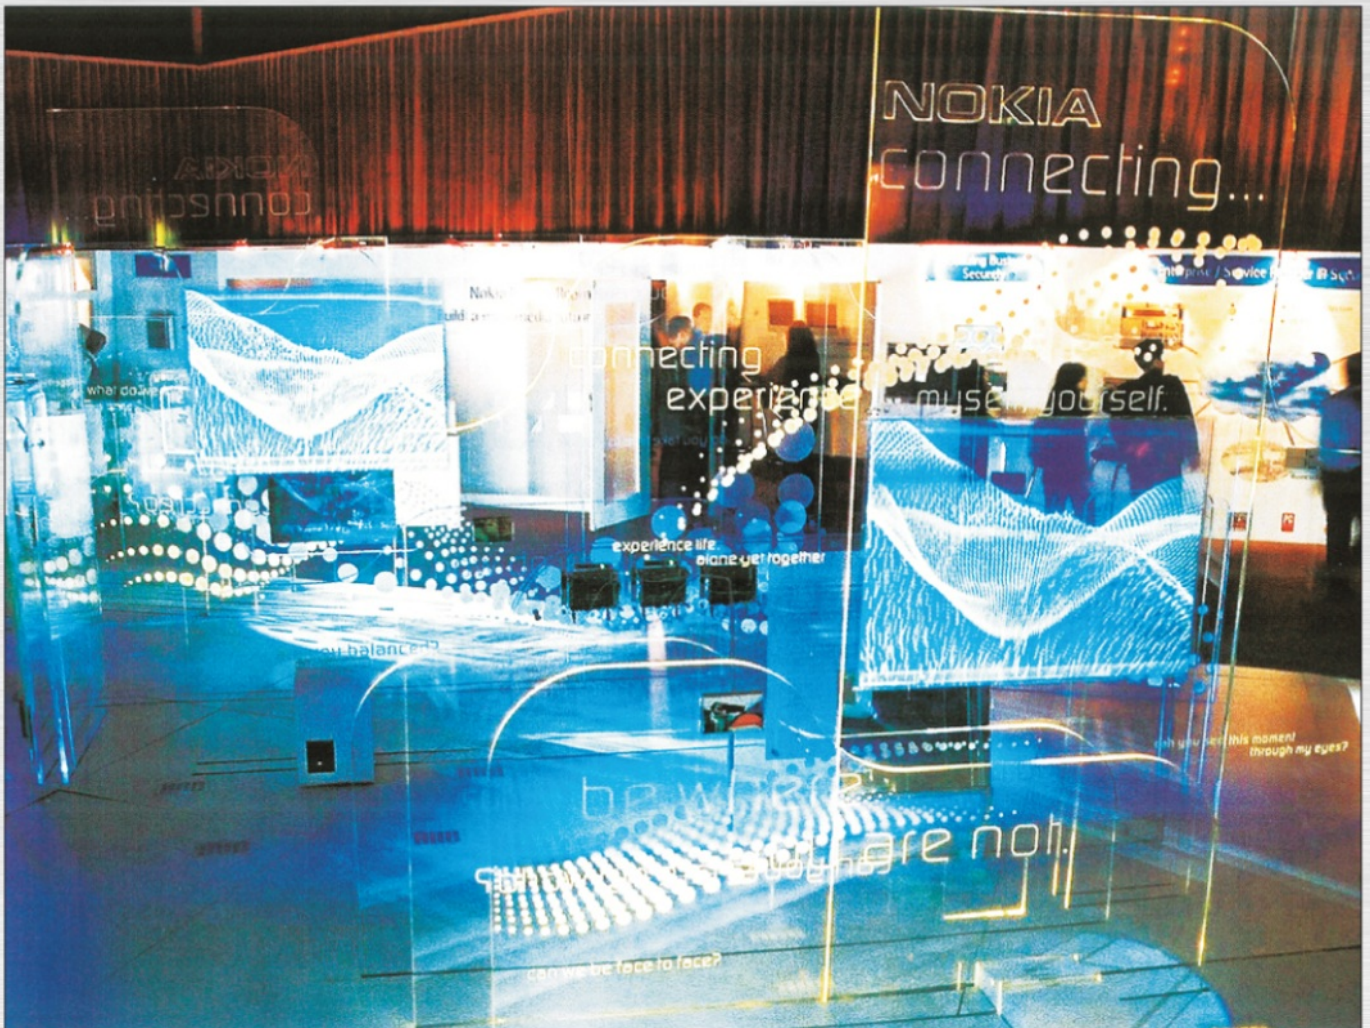

Two-storied stand including coffee bar on the upper level

Our Partners

These are the companies we cooperate with in order to realize your visions

DECATRON EventEngineering

Holographic projections on glass, interactive systems or complex electronic installations are some of the specialities which create inspiring effects.

Our Partners

These are the companies we cooperate with in order to realize your visions

Alusett Design Leipzig GmbH

Alusett products are the backbone of every stand at a trade fair - aluminum tubes are the basis for a stable and long-lasting professional realization of your blueprint including your visions of color- and light- design.

Solid and airy

Loads of space thanks to a two-storied construction

LOEWE Messebau

We are the creative platform for your concepts and products and want to enable you to communicate them to your customers in an effective and inspiring way. Tell us your visions and ideas and make an appointment for an individual counseling interview.
